## STRENGTHENING AVIATION LINKS WITH CENTRAL ASIA

### 加強與中亞地區的航空網絡連繫

Airport Authority Hong Kong (AAHK) Chairman Fred Lam and CEO Vivian Cheung joined a Hong Kong Special Administrative Region delegation led by Chief Executive John Lee on a visit to Kazakhstan and Uzbekistan from 31 May to 6 June, reinforcing Hong Kong's growing links with Central Asia.

During the trip, AAHK concluded two Memoranda of Understanding to enhance air connectivity, establishing cooperation with Almaty International Airport Joint Stock Company in Kazakhstan and Fly Khiva Group in Uzbekistan. A key highlight of the collaboration is the commencement of direct flights between Hong Kong

and Almaty aimed for the first quarter of next year, further boosting Hong Kong International Airport's (HKIA) role as The Hub of Asia.

Combined with new visa-free arrangements and the completed initialing of an Air Services Agreement with Uzbekistan, the visit opens fresh opportunities for long-term aviation collaboration with Central Asia.

香港機場管理局主席林天福及行政總裁張李佳蕙，隨同香港特別行政區行政長官李家超率領的代表團，於5月31日至6月6日訪問哈薩克斯坦及烏茲別克

斯坦，進一步加強香港與中亞地區日益緊密的連繫。

訪問期間，機管局分別與哈薩克斯坦的阿拉木圖國際機場Joint Stock Company及烏茲別克斯坦的Fly Khiva Group簽訂兩份諒解備忘錄，建立合作夥伴關係，提升航空網絡連繫。是次合作的一大焦點為往返香港與阿拉木圖的直航航班將於明年首季啟航，進一步鞏固香港國際機場的亞洲的首要樞紐地位。

是次訪問亦推動香港與烏茲別克斯坦的全新互免簽證安排，並完成民用航空運輸協定草簽工作，為本港與中亞地區拓展長遠航空合作開創新機遇。

## TOWN HALL CHARTING THE AIRPORT'S NEXT CHAPTER

### 員工簡報會勾劃機場新篇章

AAHK brought together more than 2,000 staff and airport partner representatives at its annual Town Hall Meeting on 10 June, with attendees joining either in person at the HKIA Community Building or online.

At the meeting, AAHK CEO Vivian Cheung reviewed key milestones in HKIA's development over the past year, including the commissioning of Terminal 2, the airport's continued global leadership in cargo, and the ongoing advancement of SKYTOPIA. Supported by a network of more than 220 destinations and over 130 airline partners, both surpassing pre-Covid figures, HKIA continues to strengthen its position as The Hub of Asia.

Looking ahead, Mrs Cheung set out AAHK's priorities across airport

development, financial resilience and people care. She reaffirmed her confidence in the collective contribution of the airport community in enhancing connectivity and reinforcing HKIA's long-term hub development.

This year's Town Hall Meeting also adopted a more interactive format, with staff invited to submit topics in advance to help shape the discussion, and concluded with an open Q&A session, both in person and online, fostering open dialogue across the organisation.

機管局於6月10日舉行年度員工簡報會，逾2 000名員工及機場業務夥伴代表親身到機場員工綜合大樓參與，或透過

網上出席。

會上，機管局行政總裁張李佳蕙回顧香港國際機場過去一年的重要里程碑，包括二號客運大樓投入運作、機場繼續保持全球貨運領先地位，以及SKYTOPIA項目穩步推進。香港國際機場的航空網絡規模已超越疫情前水平，涵蓋超過220個航點及逾130家航空公司夥伴，繼續鞏固其亞洲的首要樞紐地位。

展望將來，張李佳蕙闡述機管局在機場發展、穩建財務及員工關懷等範疇的工作重點，並重申有信心與機場同業攜手合作，定能提升航空網絡連繫，鞏固機場長遠樞紐發展。

今年的簡報會亦採用了更具互動性的形式，邀請員工預先提交關注議題，帶動會上討論，並以現場及網上問答環節作壓軸，促進機構內更開放的雙向交流。

# CELEBRATING COMMUNITY SPIRIT AT NEW TERMINAL 2

## 機場社區同慶 新二號客運大樓啟用

**Fresh from its opening, Terminal 2 (T2)** at Hong Kong International Airport (HKIA) came alive in June with a series of events that reflected the energy and values of the airport community. Bringing together Airport Authority Hong Kong (AAHK) staff, airport partners, government departments and airlines, the month's activities showcased teamwork, safety and customer care, three qualities shaping the character of the new terminal.

The spirit of camaraderie was on full display at the HKIA Community Cycling and Rowing Competition 2026, which returned to the airport at T2's Arrivals Hall on 15 June. Around 1,000 participants from 27 business partners – including new joiners MTR Corporation Limited and Hong Kong Exchanges and Clearing Limited – as well as government departments and airlines took part in a fast-paced relay challenge featuring cycling, rowing and fitness, putting their teamwork and endurance to the test. After thrilling contests among government disciplinary services and airport business partners, AAHK

and Hong Kong Fire Services Department emerged as overall champions in their respective groups.

A similar sense of shared purpose was evident at the Airport Safety Recognition Scheme Award Presentation Ceremony on 2 June, where more than 300 awards were presented to organisations and individuals for their contributions to safety excellence at HKIA. The top HKIA Safety Excellence Awards went to Electrical and Mechanical Services Department, Cathay Cargo Terminal and Hong Kong Aircraft Engineering Company Limited, which received Gold, Silver and Bronze respectively. A mini-innovation exhibition also added a forward-looking element to the event, with the Hong Kong Fire Services Department and five innotech companies from the Hong Kong Science and Technology

Parks Corporation showcasing new technologies and ideas to support safer airport operations.

Customer care was another highlight of the month at the

This year's programme honoured over 900 outstanding airport staff across individual, corporate and cross-company categories, reflecting the airport community's continued commitment to service excellence. Awards for Best Customer Service of the Year were presented across three

Vivien Kwok of Jardin De Jade, Select Service Partner Hong Kong Limited, received the Individual Excellence Award; Ctrip.com (Hong Kong) Limited and Nan Sha Passenger Port were recognised under the Corporate Excellence Award, while AAHK, Cathay Pacific and HKT Teleservice were honoured under the Cross-Company Excellence Award.

Adding a personal touch to the ceremony, Hong Kong fencer and frequent traveller Ryan Choi shared his experiences at HKIA, highlighting staff efficiency and professionalism for smooth journeys. He also delivered a special performance in tribute to frontline colleagues. The event introduced the new service slogan, "Extra Step, Extra Care", reinforcing a culture of proactive care, alongside a review of the year-round programme of the Customer Service Excellence Steering Committee.

香港國際機場二號客運大樓剛落成啟用，6月隨即推出一連串精采活動，為新大樓注入活力，展現機場同業的幹勁與核心價值。本月活動匯聚香港機場

管理局、機場業務夥伴、政府部門及航空公司的員工參與，突顯團隊合作、安全至上及客戶關懷三大核心理念，與新客運大樓的嶄新形象互相呼應。

# ALFL EXPANSION UNLOCKS LOGISTICS EXPRESSWAY

## 「空陸鮮活產品專屬快線」 拓展貨運物流

### Another breakthrough for Hong Kong International Airport (HKIA) to further extend its Air-Land Fresh Lane (ALFL) to Macao.

The ALFL is a pioneering logistics solution designed to streamline the transport of perishable goods by combining air and land transport in one coordinated process.

Its latest expansion was embarked with the first shipment of Canadian live lobsters destined for Macao. The consignment arrived at HKIA by air from Canada and was then swiftly transferred to Macao via the Hong Kong-Zhuhai-Macao Bridge (HZMB). This was the first fresh shipment to reach Macao end consumer via the ALFL through a single cross-border truck, enabling a seamless “Overseas-Hong Kong-Macao” one-stop logistics journey.

A key advantage of this transport mode is that it avoids the need to unload cargo at the Cross-border Cargo Transfer Terminal at the HZMB Macao Port, allowing fresh goods to be preserved in a temperature-controlled truck throughout the journey. The process was made possible through the Guangdong-Hong Kong-Macao Three-Places-One-Lock Scheme (Hong Kong-Macao Section), which helped ensure efficient customs clearance and

cargo handling. From departure at HKIA's cargo terminal to completion of inspection in Macao, the entire process took less than two hours.

Since its launch in 2025, the ALFL has handled the transshipment of a wide variety of imported perishable goods to the Chinese Mainland, from seafood such as chilled bluefin tuna and live mantis shrimp to premium fruits like cherries and grapes. The initiative has received strong recognition from the industry, along with positive feedback for its efficiency and effectiveness. With its extension to Macao, the ALFL further reinforces HKIA's position as a leading premium cargo hub.

**香港國際機場再迎來一項突破**，進一步將「空陸鮮活產品專屬快線」服務範圍擴展至澳門。這項嶄新的物流解決方案，透過空陸統一協調的聯運模式，簡化鮮活貨物的運輸流程。

機場這項新延伸的服務，隨着最近一批運往澳門的加拿大鮮活龍蝦正式開通。這批貨物從加拿大空運抵香港國際機場後，旋即經港珠澳大橋轉運至澳門，成為首批透過該「鮮活快線」由單一跨境貨車送到澳門消費者手上的鮮活產品，成功實現「海外—香港—澳門」三地一站式直送。

這種運輸模式的獨特優勢，在於貨物無須在港珠澳大橋澳門口岸的跨境貨物轉運站卸貨，讓鮮活產品在整個運輸過程中，均能保存在溫控貨車內。此項安排受惠於粵港澳「三地一鎖計劃（港澳段）」，令清關及貨物處理流程更高效順暢。從貨物離開香港國際機場貨運站，直至在澳門完成查驗，整個過程不足兩小時。

「鮮活快線」自2025年推出以來，已成功處理多種轉運至中國內地的鮮活貨物，當中包括冰鮮藍鱈吞拿魚及活瀨尿蝦等海產，以及車厘子和葡萄等高級水果，憑藉出色的服務效率與成效，廣受業界好評。隨着服務延伸至澳門，「鮮活快線」將有助鞏固香港國際機場作為領先貨運樞紐的地位。
